

## ABSOLUTE CLEAR

*Absolute Clear is a non-toxic, non-abrasive, and hypoallergenic mix. These naturally occurring materials are combined with surfactants and other biologically stimulating ingredients. The enzymes in Absolute Clear destroy the exoskeleton of the louse resulting in their eradication.*

*Further, the enzymes are successful in loosening the glue that attaches the nits to the hair shaft thereby moving the nit away from the scalp so that it will not be able to thrive while making their removal much easier.*

Our #1 Best Seller . . .

Louse Out - A child friendly interactive guide to head lice removal is available in our Treatment Center 's or online at Amazon.com!

It is truly beneficial to understand the process of head lice and its pervasiveness so that together we may combat its increasing prevalence in our family of communities throughout Orange County as a United Lice Fight Brigade!
