

ABSOLUTE CLEAR

Absolute Clear is a non-toxic, non-abrasive, and hypoallergenic mix. These naturally occurring materials are combined with surfactants and other biologically stimulating ingredients. The enzymes in **Absolute Clear** destroy the exoskeleton of the louse resulting in their eradication. Further, the enzymes are successful in loosening the glue that attaches the nits to the hair shaft thereby moving the nit away from the scalp so that it will not be able to thrive while making their removal much easier.

Our #1 Best Seller . . .
